All of the County's data has been mapped in a State Plane, NAD 83 projection. The data has a horizontal accuracy of 2-5 meters and is suitable for planning purposes but not design applications. The data does not represent survey delineation and should not be used as a replacement for the authoritative source i.e., plat maps, deeds, resurveys. No liability is assumed by Douglas County or MAGIC as to the sufficiency or accuracy of the data.

Other themes of information are available upon request. Contact the GIS Department at 775-782-9894. Available file formats: DXF, Arcview shape files, ASCII.
